

About PathGuide Technologies

PathGuide Technologies provides warehouses and distribution companies of all sizes with advanced warehouse automation solutions that are simple to deploy and easy to use. For example, PathGuide's carrier compliant Latitude Manifest & Shipping System increases productivity, improves customer satisfaction, and lowers labor costs. The company's complete approach to each software solution includes consulting services, integrated software and hardware solutions, ongoing training, and access to customer support resources, on demand, anytime. In most cases, distributors see a significant return on investment within months of implementation.

About SMC³

SMC³ is the hub for less-than-truckload technology, data and education. SMC³'s hosted technology solutions support the entire supply chain with industry-leading speed, reliability and performance to help optimize LTL freight transportation. As the single integration point for all carrier rate, transit and service information, SMC³ solutions travel beyond simple connectivity and empower shippers, 3PLs and carriers to collaborate and optimize decision making throughout the entire LTL lifecycle—from rating through the invoicing process. SMC³ has a

history of industry excellence and business stability, and an unrivaled reputation as a trusted guardian of data security.

SMC³ LTL APIs

SMC³'s API solutions are designed to optimize the LTL shipment lifecycle from quote to delivery. Through seamless integration to PathGuide's Latitude Manifest & Shipping System, SMC³'s APIs can deliver:

- Real time quoting—receive pricing direct from carriers for contract, dynamic and volume pricing
- Dispatch—digitally schedule pickups conveniently and quickly, receiving immediate confirmation
- Status—monitor shipments via real-time messaging

Other APIs are available outside of PathGuide Technologies for dynamic rating, volume rating, brokerage rating, advance pro number, status, document and electronic bill of lading (eBOL). By integrating API solutions with CzarLite[®] base rate, RateWare[®] XL and other solutions, SMC³ customers command a 360° view of other pricing and carrier services.
