TECHNOLOGY PARTNERSHIPS

Partnering for High-Performance LTL

Trusted LTL Data. Simplified Connectivity. Better Freight Decisions.

Complete LTL tools and data to power next-generation agentic AI workflows inside your TMS, WMS or ERP.

Expand Platform Value. Reduce Integration Complexity.

Deliver Data Confidence

Multiply access to LTL shipment lifecycle intelligence and data. Seamlessly orchestrate, empower robust AI agents and facilitate proactive end-to-end decisions.

BILLIONS OF MONTHLY TRANSACTIONS

Accelerate Success

Set customers up for success with accurate, high-speed, real-time pricing, execution and visibility APIs. Drive engagement, transparency and identify exceptions earlier.

1,000'S OF SHIPPERS & LSPs

Maximize Performance

Integrate standardized LTL APIs or pair with EDI to automate data across customer environments and/or AI agents—repeatable reliability from the 1st shipment to 10,000th.

650+ API CONNECTIONS

JOIN THE 100+ TECHNOLOGY PARTNERS WHO TRUST SMC³

BlueYonder, Carrier Logistics LLC, DESCARTES, e2open WISETECH GLOBAL GROUP, infios, Manhattan, McLeod SOFTWARE, MYCARRIER, ORACLE, Revenova, SAP, TURVO

Connecting the LTL Technology Ecosystem

Technology Providers • AI Workflows • Implementers & Integrators

Up Time + Observability

Multi-data-center infrastructure, standardized connectivity and monitoring maximize your transportation platform performance.

Coverage + Innovation

Unwavering commitment to LTL, complete market coverage and continuous investment in industry-leading technology.

Partnership + Service

Dedicated alliance and client success teams ensure success from kick-off to implementation and beyond.

Trusted Expertise. More Intelligence Across LTL Workflows.

Strategic Technology Partners Enable Complete Solutions With SMC³

PLANNING & OPTIMIZATION
Make smarter pricing and carrier decisions

Pricing + Rating
Power high-speed rating with RateWare® or RateWare® Plus. Quickly rate shop contract, dynamic, volume and broker pricing using direct to carrier LTL APIs.

Transit + Service Intelligence
Strengthen planning and quoting with CarrierConnect® XL routing and transit-time intelligence including direct and indirect points along with calendar days and carrier information.

EXECUTION, VISIBILITY & AUDIT
Digitize shipment information for audit

Execution + Visibility
Assign PRO#'s in advance, dispatch, transmit eBOL information and track inbound and outbound shipments in real time, using multiple reference numbers via LTL APIs.

Reconciliation + Audit
Reconcile shipments faster, using invoice data APIs and/or EDI lifecycle messaging. Perform pricing audit with RateWare® or RateWare® Plus.

Meeting Your Team Where You Are

SMC³ Supports You Every Step Of The Way

DISCOVER & KICKOFF → DEVELOP & INTEGRATE → TEST & GO LIVE

> **SMC³ is a complete LTL solution,** built and supported by industry experts. Their team works hard to build the relationships needed to be the best LTL solution provider, and those relationships keep them ahead of changes in the industry, so their solutions always support what LTL brokers, shippers and carriers need. That knowledge, paired with a strong suite of solutions, sets them apart. By combining the power and flexibility of Revenova's TMS with SMC³'s best-in-class LTL solutions, brokers can quote faster, win more freight, and scale their LTL business with confidence.
